

ERRATUM

Open Access

Erratum to: Acupuncture for menopausal vasomotor symptoms: study protocol for a randomised controlled trial

Marie Pirotta^{1*}, Carolyn Ee¹, Helena Teede^{2,3}, Patty Chondros¹, Simon French^{4,5}, Stephen Myers⁶ and Charlie Xue⁷

Erratum

After the publication of this work [1], it was brought to our attention that the time for patient follow-up specified in the 'Statistical methods' section of the protocol was incorrect; follow-up will continue for six months after the end of treatment, not 12 months as stated in the original published version.

Submit your next manuscript to BioMed Central and take full advantage of:

- Convenient online submission
- Thorough peer review
- No space constraints or color figure charges
- Immediate publication on acceptance
- Inclusion in PubMed, CAS, Scopus and Google Scholar
- Research which is freely available for redistribution
